Efficiency

does not consist in loading your mind with facts and figures,

But It Does Consist

in knowing where to locate necessary information quickly when you want it.

Consult your City Directory

It contains more information about the city and its people than any other book.

Efficiency

does not consist in loading your mind with facts and figures,

But It Does Consist

in knowing where to locate necessary information quickly when you want it.

Consult your City Directory

It contains more information about the city and its people than any other book.
